

**30th World Fly Fishing Championship FIPS-Mouche
14-21 June 2010, Lesko-Polańczyk, Poland**

Invitation

Dear friends anglers,

We invite you cordially to Poland for the 30th World Fly Fishing Championship, which will be an important angling event, following the decision of FIPS-Mouche to organise the championship in 2010 by the Polish Angling Association.

After 25 years the World Championship will be held again on one of the most beautiful Polish rivers – San. The headquarters of the championship will be located in Polańczyk by the Solina Reservoir. The region hosting the event is well known for its beautiful landscape, clean rivers and nature still unspoiled by man's activities.

As anglers-sportsmen we would like to host you not only as rivals in this noble and sportive event. We would like to show you also our region – with its wonderful waters and fish.

We hope that you will enjoy your stay and feel comfortable here. We hope that you will like our country, while the pleasant memories will encourage you to revisit our region. You will always be our most welcome guests.

Once again we invite you to participate in the 30th World Fly Fishing Championship. We wish you a pleasant stay and memorable impressions. May the best angler win!

Chairman of the Organising Committee
Józef Jędrzejczyk
